Pls present your business card for registration at the venue

PowerOn - Battery and related Energy Storage Technology EXHIBITION AND CONFERENCE

Providing a Business gateway to the Industry

Organizer - Shivam info with Support of FISSBA (Federation of Small Scale Battery Association) and GSSBA (Gujarat Small Scale Battery Association)

Objective - Organizing a Sustainable Energy Technology Exhibition & Networking Event, a powerful way to facilitate business growth in the renewable energy sector and to promote safe recycling and Battery Handling process for an effective circular economy.

What's New this Time?

We are excited to present the **20th** Edition of this exhibition manufacturers, Component Manufactures, System Integrators, Policy Makers and Regulatory authorities together on this platform not only help shape the future of renewable energy sector but also for a safer planet for the generations to come.

Key Elements and Highlights

Showcase Innovations: Providing a platform for showcasing the latest sustainable energy technologies, including solar, wind, bio-energy, hydro-power, and energy storage solutions including Lead Acid and Li ion Battery

Networking Opportunities: Facilitate connections between industry players, including startups, established companies, investors, and government bodies.

Business Growth: Create opportunities for businesses to explore partnerships, collaborations, and new markets.

Awareness and Education: Educate participants about the latest trends, policies, and best practices in sustainable energy.

CSR Alignment: Align with CSR initiatives by promoting green energy solutions and contributing to environmental sustainability.

- Batteries
- Automotive
- EVs
- Stationary
- Traction
- Industrial
- Solar Batteries (Energy Storage Systems)
- Lithium-Ion Batteries
- Flow Batteries
- Battery Machineries
- Environment Control Machine and Equipment
- Battery and Plate Chargers and Systems
- Battery Recycling Plant and Machinery
- Battery Parts
- Containers
- Separators
- Plastic Accessories
- Vent Plugs
- DM Water
- Chemicals
- Acid
- Lead Oxide machineries
- Solar Panels (Photovoltaic Cells)
- Monocrystalline
- Polycrystalline
- Thin-Fil
- Inverters
- String Inverters
- Microinverters
- Hybrid Inverters
- Mounting & Racking Systems
- Roof-Mounted Systems
- Ground-Mounted Systems
- Tracking Systems
- Charge Controllers
- Pulse Width Modulation (PWM)
- Maximum Power Point Tracking (MPPT)
- Cables and Wiring
- Monitoring Systems
- On-Site Monitoring
- Cloud-Based Monitoring
- Surge Protectors and Breakers
- Junction Boxes
- Transformers (for Large Installations)
- Emerging Technologies
- Bifacial Solar Panels
- Perovskite Solar Cells
- Floating Solar Arrays
