Providing a gateway to the Battery Industry

The Objective of this B2B Event organised by Shivam Info, is to bring together the Battery and associated Industries for mutual business benefit and to promote safe recycling and Battery Handling process among the batterymen.

How and Why Power ON ?

POWER ON has a 16 year long standing in Battery Industry field. We are serving the battery Industry since 1985 with the fortnightly magazine BATTERY DIRECTORY & YEAR BOOK. In the 36 years of service to the Industry, Magazine has gained respect and large readership in the Industry.

POWER ON Exhibition is a premium platform for Indian and International Batterymen to interact mutually for the new business opportunities. This B2B Platform visited by thousands of Batterymen every year. Participants are from All Over the globe.

Focus Area of the Exhibition

Manufacturers, Policy makers, Industry Leaders and specialists of: Lead Acid Batteries | Renewable Energy Systems | Solar Operated Equipments/Vehicles | Battery Making Machineries | Electrical Vehicles Environmental Control Equipments and Devices | Solar Inverters / UPS Battery Testing Equipments | Battery & Battery Plate Chargers Battery Plate Additives: Carbon Black, Lignin etc Battery Parts : Containers, Separators, Acid, DMW etc.

SOLAR, Telecommunication & E-Vehicles- A Promising future

Off-grid Solar Applications and E-Rickshaw Batteries are the new area for the Battery and Invertor Dealers and Manufacturers. Battery Directory & Year Book market research Data shows that 90% batterymen have been started selling of Solar Equipments and Solar Plates including installations for Electricity Needs of personal household and institutions like Petrol Pumps, Schools, Clinics, small hospitals, Guest Houses, Hotels etc.

E-Vehicles Batteries are the promising future for Battery Industry. Government of India is backing firmly to switch the Private Transport to EVs.

The statistics shows a bright and golden years ahead for the Lead Acid battery Industry.
